

2026

WA Football Juniors

Grand Final Program

On behalf of WA Football and our Regional Development Councils, congratulations to every player, coach, volunteer, umpire, family and club involved in the 2026 WA Football Juniors season. Today is a special day for everyone involved in our game, but particularly for the players taking the field, who have worked hard throughout the season to reach this point.

For our players, Grand Final day is the culmination of a season filled with training, games, friendships, challenges and plenty of early mornings. For many, it will be a day they remember for the rest of their lives, a football memory that stays with them long after the final siren. Whether they leave today with a premiership medal or simply the memories of taking part, being here is an achievement they should all be proud of.

This year, more than 1,360 teams from 103 clubs have taken part in WA Football Juniors competitions, stretching from Yanchep in the north, Waroona in the south and Chidlow in the east. More than 40,000 participants have been involved across Auskick, Superkick, Modifieds and Youth football. That is a remarkable contribution to our game and makes WA Football Juniors the largest football league in Australia.

Grand Final day is about much more than the football itself. It is about the people who make these opportunities possible, and there are thousands of them who give their time to our game each week. To the more than 1,000 umpires who have taken to the field throughout the season, thank you. Umpiring is not always an easy job, but it is one of the most important. Without our umpires, there is no game, and we genuinely appreciate the time, commitment and effort you give to providing our young players with the opportunity to play.

To our Regional Development Councils, thank you for the work you do behind the scenes and within our communities to support clubs, competitions and volunteers across WA. To the thousands of club volunteers, thank you for everything you do to keep your clubs running. In particular, to every Club President who has put their hand up to lead, often while balancing football with work, family and everything else life throws at you, your commitment to your clubs and communities is what keeps junior football moving forward.

A special thank you also goes to our host clubs, and everyone involved in delivering today's Grand Finals. Hosting a Grand Final is a significant undertaking, with a huge amount of work happening well before the first bounce and long after the final siren. Thank you for opening your doors, welcoming our clubs, and helping create an environment worthy of this special occasion.

The 2026 season has been an exciting one for WA Football Juniors. We have introduced new initiatives, improved processes and made greater use of technology to make football easier for clubs to administer. Just as importantly, we have continued to focus on creating positive environments for young people to play our game. The behaviour we have seen across our competitions this season has been among the most positive on record, and that is something everyone involved in football should be proud of.

As we arrive at Grand Final day, we ask everyone to play their part. Cheer loudly, support positively, respect the umpires, back your players and give the opposition the respect they deserve. For our players, this is their day. Let them play, let them enjoy it and let them create memories they will carry with them for years to come.

Whether you are a player, coach, umpire, volunteer, parent, grandparent, sibling, supporter or simply someone who loves the game, thank you for being part of WA Football Juniors in 2026.

On behalf of the WA Football Juniors team – Kathy, Sandy, Amy, Jenni, Russ, Ryan, Zac and Corey thank you for everything you have contributed to our game this season.

To everyone taking part today, congratulations on your achievement. Enjoy the footy, enjoy the occasion and, most importantly, enjoy being part of our great game.
